RE: Superior Street - Request by Contractor to leave unpaved until 2018 - for Agenda

I support this proposal. Ultimately, we are looking at tackling a road that drives like a roller coaster. Any gravel surface they provide will be a better ride quality that what we have, except for occasional washboard during interim thaw events. I also feel the impact is pretty small, especially if they agree to maintain the surface through the winter. (We obviously still have to plow it.)

Subject: Superior Street - Request by Contractor to leave unpaved until 2018 - for Agenda

Hi Mark,

The contractor, A. Lindberg, has made a request to perform work on Superior Street this year, without the guarantee of paving prior to the end of the season. Key items for consideration are as follows:

- 1. We typically require all disturbed roadway areas to be paved prior to the end of the season. This a request for a variance from those requirements, if necessary.
- 2. Superior Street is currently in a somewhat degraded condition.
- 3. If the Contractor was not able to pave the street this year, they would use recycled asphalt on the top course, which provides some binding effect for the surface.
- 4. The contractor would be required to maintain the area throughout the offseason.

I will be at the council meeting to answer any other questions you may have about the request. Or if you have questions prior, please do not hesitate to contact me.

Thank you,

Mark

TEN (10) YEARS CAB STRUCTURAL INTEGRITY WARRANTY

SUTPHEN CORPORATION (Sutphen) warrants the cab of each new custom fire and rescue vehicle manufactured by Sutphen to be free of structural failures caused by defective design or workmanship for a warranty period of ten (10) years after the date on which the vehicle is first delivered to the original purchaser or 100,000 miles, whichever occurs first. This warranty is limited to the cab tubular support and mounting structures and to the other structural components.

Sutphen's obligation under this warranty is limited to repairing or replacing, as Sutphen may elect, without charge to the original purchaser, the structural component or components which Sutphen, after examination, finds, to Sutphen's satisfaction, to have structurally failed due to defective design or workmanship.

Sutphen's obligation under this warranty is subject to the conditions precedent: (1) that the claimed failure shall have first appeared during the warranty period; (2) that the original purchaser shall have notified Sutphen in writing of the claimed failure within thirty (30) days after the claimed failure shall have first appeared, and (3) that, unless Sutphen directs otherwise, the claimed failed item or items shall have been returned to Sutphen, or to Sutphen's designee, promptly after the notification, with transportation charges prepaid. Sutphen reserves the right to thoroughly examine the vehicle or parts thereof, prior to conducting or approving any repair or replacement, to determine whether the claimed failure is covered by this warranty. Sutphen's obligation under this warranty is strictly limited to repair or replacement as the company may elect. The warranty is pro-rated for a period of ten (10) years from the date of delivery as follows: first three years, one hundred percent; four years, seventy-five percent; five years, fifty percent; six years, forty percent; seven years, twenty-five percent; eight years, twenty percent; nine years, fifteen percent; ten years, ten percent.

In advance of the original purchaser effecting repair of replacement of a structural component or components found by Sutphen to have structurally failed due to defective design or workmanship, approval for the repair or replacement must be obtained from Sutphen's Customer Service Department. Repair or replacement must be made by a facility approved in advance by Sutphen. Failure to obtain either or both of the advance approvals voids this warranty. Coverage under this warranty of labor for repair or replacement is limited to the time or amounts reasonably necessary, as determined by Sutphen, to make the repair or replacement. Labor time or amounts deemed excessive by Sutphen are not covered under this warranty.

Any repair or replacement effected by Sutphen under this warranty is itself warranted under this warranty for the duration of the warranty period subject, however, to the provisions of this warranty as are applicable to the structural component or components repaired or replaced by Sutphen. Further, this warranty shall be void if the vehicle is involved in an accident, shows signs of abuse, or evidence of being operated in an improper manner.

This limited warranty covers only repair or replacement of any part of a Sutphen vehicle in which a defect in materials or workmanship appears within the limited warranty period. Examples of items not covered include, but are not limited to:

- A. ---Major components or trade accessories such as purchased chassis, engines, signaling devices, batteries, tires, generators, or transmissions that have a separate warranty by the original manufacturer, or to equipment used in fire fighting.
- B. ... Unauthorized alteration or modification to the vehicle, including the body, chassis or components, after completion of the vehicle assembly by Sutphen and any problems that occur as a result of such alterations or modifications.
- C. --- Damage caused by collision, fire, theft, freezing, vandalism, riot, explosion, acts of God, war or objects striking the vehicle or any damage covered by owner insurance.
- D. --Damage caused by misuse or improper operation of the vehicle such as driving over curbs, overloading, racing or off-road use.
- E. Damage caused by failure to follow the requirements of the maintenance schedule, failure to maintain proper fluid and lubricant levels and failure to follow operating instructions.
 F. Towing charges and storage expenses.
- G. ---Incidental expenses such as loss of vehicle use, inconvenience, loss of time, vehicle rental, lodging or travel costs, vacation pay, etc.
- H .--- Damage caused from exposure to road de-icing compounds or use in an acidic environment.
- I. ---(1) Normal maintenance services or adjustments:(2) any item that has been repaired, replaced or altered by a facility not approved in advance by Sutphen Customer Service Department or in a manner which in Sutphen's judgement, may adversely affect the operation or longevity of the vehicle or item; (3) special, incidental or consequential damages including, but not limited to, loss of time, inconvenience, loss of use, or lost profits; (4) any malfunction resulting from misuse, negligence, alternation accident, or lack of operational knowledge or normal maintenance or adjustments; (5) time required to unload or reload the vehicle or item; (6) nonstructural breakage or cracking; (7) material bending, buckling or other metal deformation unless caused by a structural failure of a structural component as identified in Sutphen's specifications, of the cab due to defective design or workmanship; or (8) transportation fees or charges to or from any facility.
- J. This warranty is void if Sutphen determines that the vehicle or item has been neglected, misused, altered, overloaded,

loaded beyond specified compartment weights limits, loaded to a state of excessive imbalance side to side, or damaged. This warranty is also void if Sutphen determines that the warranty claim is false or misrepresented, that the vehicle or item has been damaged in an accident or by an act of God, or that the structural failure is attributable to use or operation of the vehicle or item in a manner or for a purpose other than that for which Sutphen intended or designed the vehicle or item.

This warranty terminates upon transfer of possession or ownership of the vehicle from the original purchaser.

THIS WARRANTY IS PROVIDED IN EXCLUSION OF ANY AND ALL OTHER REPRESENTATIONS, EITHER EXPRESSED OR IMPLIED, NO PERSON IS AUTHORIZED TO MAKE ANY REPRESENTATIONS OR WARRANTIES ON BEHALF OF SUTPHEN CORPORATION OTHER THAN SET FORTH HEREIN. ANY MODIFICATION TO THIS WARRANTY MUST BE IN WRITING AND APPROVED BY THE PRESIDENT OF SUTPHEN CORPORATION. THE PROVISIONS OF THIS LIMITED WARRANTY SHALL CONSTITUTE THE SOLE EXCLUSIVE REMEDIES OF A SUTPHEN VEHICLE PURCHASER.

PLUMBING WARRANTY TEN (10) YEARS

SUTPHEN CORPORATION (Sutphen) warrants the stainless steel pipe and ancillary brass fittings used in the construction of the water plumbing system, for a period of ten (10) years, provided the vehicle is used in a normal and reasonable manner. This limited warranty is extended only to the original user/purchaser.

Sutphen's obligation under this warranty is strictly limited to repairing or replacing as the company may elect. The company reserves the right to require any such repairs to be made either at a company owned service facility or another approved service facility at the company's option. Transportation cost to and from the servicing location is the responsibility of the user/purchaser. Further, this warranty shall be void if the vehicle is involved in an accident, shows signs of abuse, or evidence of being operated in an improper manner.

This warranty terminates upon transfer of possession or ownership of the vehicle from the original purchaser.

FRAME WARRANTY LIFETIME

SUTPHEN CORPORATION (Sutphen) warrants to the original user/purchaser only of a Sutphen chassis, that the frame or frame members are free of defects in material and workmanship, ordinary wear and tear excepted, for the lifetime of the vehicle.

Sutphen's obligation under this warranty is strictly limited to repairing, as the company may elect, any part or parts of such frame or frame members which the company's examination discloses to be defective in material or workmanship. The company reserves the right to require any such repairs to be made either at a company owned service facility or another approved service facility at the company's option. Transportation cost to and from the servicing location will be the responsibility of the user/purchaser.

Sutphen's obligation under this limited warranty is subject to the conditions (1) the claimed failure shall have first appeared during the warranty period: (2) the original purchaser shall have notified Sutphen in writing of the claimed failure within thirty (30) days after the claimed failure shall have first appeared, and (3) unless Sutphen directs otherwise, the claimed failed item or items shall have been returned to Sutphen, or to Sutphen designee, promptly after the notifications, with transportation charges prepaid. Sutphen reserves the right to thoroughly examine the vehicle or parts thereof, prior to conducting or approving any repair or replacement, to determine whether the claimed failure is covered by this limited warranty. Sutphen's obligation under this warranty is strictly limited to repair or replacement as the company may elect.

This warranty shall be null and void if the frame shows any evidence of alterations, cutting, splicing, additional welding or drilling of rails or flanges without the written authorization of Sutphen. Further, this warranty shall be void if the vehicle is involved in an accident, shows signs of abuse, or evidence of being operated in an improper manner. The frame and under carriage shall be washed and painted, by the owner, where needed, semi-annually or as conditions require: if rust starts, it must be properly primed and painted or this warranty shall be voided.

Periodically check apparatus for chips and scratches in the paint and repair them with touch up paint furnished upon delivery, or equal. Several times a year wash underneath the apparatus, especially during winter months. If power wash is used, use a fan spray only or it may damage the undercoating or paint. If damage of undercoating or paint occurs, prime, paint, and reundercoat areas where bare metal is showing, or warranty shall be void.

If optional Ziebart undercoating is provided on the apparatus, purchaser is required to have undercoating inspected annually by an Authorized Ziebart Dealer for a minimum of 10 years.

APPARATUS BODY STRUCTURAL INTEGRITY WARRANTY TEN (10) YEARS

SUTPHEN CORPORATION (Sutphen) warrants each new body and heavy duty rescue body manufactured by Sutphen to be free of structural failures caused by defective design or workmanship for a warranty period of ten (10) years after the date on which the vehicle is first delivered to the original purchaser or 100,000 miles, whichever occurs first. This warranty is limited to body tubular support and mounting structures and other structural components.

Sutphen's obligation under this warranty is limited to repairing or replacing, as Sutphen may elect, without charge to the original purchaser, the structural component or components which Sutphen, after examination, finds, to Sutphen's satisfaction, to have structurally failed due to defective design or workmanship.

Sutphen's obligation under this limited warranty is subject to the conditions precedent (1) that the claimed failure shall have first appeared during the warranty period; (2) that the original purchaser shall have notified Sutphen in writing of the claimed failure within thirty (30) days after the claimed failure shall have first appeared, and (3) that, unless Sutphen directs otherwise, the claimed failed item or items shall have been returned to Sutphen, or to Sutphen designee, promptly after the notification, with transportation charges prepaid. Sutphen reserves the right to thoroughly examine the vehicle or parts thereof, prior to conducting or approving any repair or replacement, to determine whether the claimed failure is covered by this warranty. Repair or replacement must be made by a facility approved in advance by Sutphen. Failure to obtain either or both of the advance approvals voids this warranty. Coverage under this warranty of labor for repair or replacement is limited to the time or amounts reasonably necessary, as determined by Sutphen, to make the repair or replacement. Labor time or amounts deemed excessive by Sutphen are not covered under this warranty.

Any repair or replacement effected by Sutphen under this limited warranty is itself warranted under this warranty for the duration of the warranty period subject, however, to the provisions of this warranty as are applicable to the structural component or components or replaced by Sutphen. Further, this warranty shall be void if the vehicle is involved in an accident, shows signs of abuse, or evidence of being operated in an improper manner.

This limited warranty covers only repair or replacement of any part of a Sutphen vehicle in which a defect in materials or workmanship appears within the limited warranty period. Examples of items not covered include, but are not limited to:

- A. ... Major components or trade accessories that have a separate warranty by the original manufacturer, or to equipment used in fire fighting.
- B. ---Unauthorized alteration or modification to the vehicle, including the body, chassis or components, after completion of the vehicle assembly by Sutphen and any problems that occur as a result of such alterations or modifications.

- H.---Damage caused from exposure to road de-icing compounds or use in an acidic environment.
- I. ---(1) Normal maintenance services or adjustments:(2) any item that has been repaired, replaced or altered by a facility not approved in advance by Sutphen Customer Service Department or in a manner which in Sutphen's judgment, may adversely affect the operation or longevity of the vehicle or item; (3) special, incidental or consequential damages including, but not limited to, loss of time, inconvenience, loss of use, or lost profits; (4) any malfunction resulting from misuse, negligence, alternation accident, or lack of operational knowledge or normal maintenance or adjustments; (5) time required to unload or reload the vehicle or item; (6) nonstructural breakage or cracking; (7) material bending, buckling or other metal deformation unless caused by a structural failure of a structural component as identified in Sutphen's specifications, of the body due to defective design or workmanship; or (8) transportation fees or charges to or from any facility.

J.... This limited warranty is void if Sutphen determines that the vehicle or item has been neglected, misused, altered, overloaded, loaded beyond specified compartment weight limits, loaded to a state of excessive imbalance side to side, or damaged. This warranty is also void if Sutphen determines that the warranty claim is false or misrepresented, that the vehicle or item has been damaged in an accident or by an act of God, or that the structural failure is attributable to use or operation of the vehicle or item in a manner or for a purpose other than that for which Sutphen intended or designed the vehicle or item.

This warranty terminates upon transfer of possession or ownership of the vehicle from the original purchaser.

WATERWAY WARRANTY

Telescopic Waterways

STANDARD TEN YEAR WARRANTY

Standard warranty is in effect for parts shipped after 4/15/10

A. PRESHIPMENT TESTING

All waterways fabricated by Amity are final inspected using the following pressure minimums:

 Hydrostatic applications will be tested to 400 PSI unless specified otherwise on approved drawings. Operating pressures on installed systems are not to exceed 250 PSI at any point in the system. Warranty will be voided and Amity will not be held liable for failure and/or damage occurring from Water Hammering or freezing of water in any system.

B. COMPONENTS DESCRIPTION AND MAINTENANCE

- All components are thoroughly greased at assembly. Since internally lubricated seals
 are used, regular greasing is not required. We recommend components not be greased
 at installation.
- 2. Slip Tube Assemblies may be greased at the Amity's regularly scheduled Aerial Inspections. The seals in the Slip Tube Assemblies are self-lubricating, so greasing is not mandatory. We do recommend a visual inspection of the Slip Tube Assembly while it is fully extended after initial installation, from that point on we recommend inspection every ten hours of aerial operation. If any deposits of aluminum appear, they are to be rubbed off using a Teflon scouring pad. Slip Tube Assemblies are designed to give long maintenance free service; however, like any product, problems may occur and periodic visual inspections will aid in determining if a potential problem exists and warrants a call to us. Care must be taken to keep debris off of extended tubes. We recommend wiping tubes with light oil (10 weight) or hydraulic oil after use, if tubes appear to have contamination on them. Under no circumstance are tubes to be cleaned with lacquer thinner, or any other solvent.

C. LIMITED WARRANTY, LIMITATIONS, CONDITIONS AND PROCEDURES REQUIRED

1. Products are warranted to be free of defects in labor and/or materials for a period of ten years from the date of purchase from the Amity and shall be repaired or replaced at the sole option and expense of the Amity provided the products alleged to be defective was used for its intended normal use operation and subject to the following qualifications and limitations.
